

# STEAM Studio

by Next Generation School

Join NGS for STEAM Studio, a science, technology, engineering, art and math-based program to engage students after school and on full days out.

This dynamic and innovative program affords K-8 students in the Champaign-Urbana area the opportunity to spend those all-important after school hours in an environment that will foster the analytical, creative, and critical thinking skills necessary for success in the ever-changing landscape of the global community.

Registration begins **July 11** online or at 2521 Galen Drive.  
*(Next Generation Primary & Middle School Campus)*
